

Job Search Resources

**Prepared for students
in the
School of Communication**
*Compiled and Edited
by
Marilyn S. Kritzman
Faculty Specialist
School of Communication
Western Michigan University*

This list of job search resources was prepared to assist current students in their job search efforts. Contributions have been made by current and former students. Special thanks to Carrie Hatfield, senior intern, for her work on this document.

In addition to *Bronco Jobs* and *Vault*, students may receive personal job search assistance through a career counselor. Contact Career Services at (269) 387-2745 for an appointment. Ask to meet with Ms. Ewa Urban, our current Arts and Sciences career advisor.

Career Services also maintains reciprocity agreements with Career Services offices around the United States. If you are looking for a job in another part of the country (for example, Arizona) Career Services can connect you with a Career Services office in Arizona, and you can utilize their services for your job search.

This information is accurate, as of December 1, 2007.

If you would like to contribute job search resources for future updates, please e-mail them to me at marilyn.kritzman@wmich.edu
