

WESTERN MICHIGAN UNIVERSITY
INDUSTRIAL AND MANUFACTURING ENGINEERING
DEPARTMENT

ELLINGER SCHOLARSHIP

Students who have **completed at least 26 credit hours**, are enrolled in an IME Department technology program, and have demonstrated an interest in automotive technology are eligible. Students majoring in any of the curricula listed below are invited to apply for this scholarship:

Engineering Management Technology

Engineering Graphics and Design Technology

Manufacturing Engineering Technology

The Herbert E. Ellinger Scholarship was originally established in 1983 when Mr. Ellinger retired as one of the automotive faculty at Western Michigan University. This award is intended to stimulate and recognize promising students as an encouragement in pursuing studies related to the automotive field.

This is a one-time award for \$500.

To apply for this scholarship, you should have a GPA of at least 2.5 and submit a completed application along with a current résumé **by March 15**, to the Department of Industrial and Manufacturing Engineering Office (Room F-232 CEAS).

NOTE: Applications may be picked up in the IME Departmental Office (F-232) on the Parkview Campus or downloaded from the IME Department's web site <www.wmich.edu/ime>.
