

Name: _____

Rare Books and Special Collections

Waldo Library, 3rd Floor Atrium

From the earliest times, people have had an interest in distant places. Some of the first popular books were travel accounts and books about exotic places. If you are thinking about where to travel on that money provided by your second uncle, please stop in and do a little research about the places you might choose to visit from the selection of travel books we have on display including medieval editions of Marco Polo and pop-up books.
