Not a BHA user? Go to the WMU Library home page to try it out, select B under Article Databases.

Vol 1 no 2 Spring 2008

*Charioteer of Delphi, 474 BCE
Cast bronze, Delphi, Greece*

Videotape and DVD Collection at Your Service!

Now that the School of Art has moved to its beautiful, new location, faculty can benefit from our advanced reservation service in the Videotape, DVD, and 16mm Film Collection. This allows faculty to book videos ahead of time assure that a video will be available for class when needed. This process includes the option of selecting pick-up of the material from the Maybee Music and Dance Library in Dalton so that you do not need to make a trip to Sangren. Moving image resources can be returned to any branch library. Here's the reservation form:

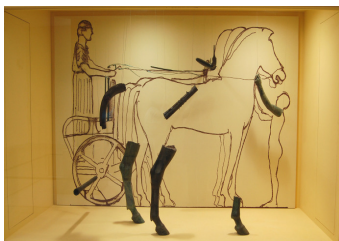

<http://www.wmich.edu/library/forms/vfr.php>

For more information on videos call 387-5070.

Newsletter Spotlight

Have a digitization project in the planning stages? Why not visit University Libraries Digitization Center in the lower level of Waldo Library? To learn more about the services the Center has to offer, go to their web site: <http://www.wmich.edu/library/digi/services/>

Good-bye ImageCat, Hello Image Catalog in LUNA Insight

Remnants of the Charioteer's horses and groom. Created for the Sanctuary of Apollo now at the Delphi Archaeology Museum

The slide catalog, ImageCat, that was part of the integrated library catalog is now a thing of the past. Records from ImageCat are being migrated to our new Image Catalog in LUNA Insight. This migration will take some time. The Library will let you know when the new catalog is available through our Web site. Until then, you can still search for slides in the online library catalog by setting the search limits to the Visual Resources Library before you begin your search.

Image Catalog through LUNA will bring you digital images for teaching along with an image presentation system. This catalog will also include records for slides owned by the Visual Resources Library. Feel free to stop by the VRL for a demonstration on the new catalog. We think you'll like it!

Read more about using this product for teaching with images:
