

## CLASSROOM OBSERVATION FORM (v5)

Name of Instructor/TA:

Date:

Course being observed:

Observer:

Type of instruction that best characterizes this lesson: Direct Instruction    Investigative    Other  
(circle one)

Did the instruction seem to focus more on procedural or conceptual knowledge? Explain why.

1. Describe what seemed to be the main point of the lesson.

2. Did students seem to understand the point of the lesson? (give evidence to support your response)

3. Describe examples of interactions between the instructor and the students (discussion, Q&A, etc.).

4. Describe any assessment strategies that were used during the lesson.

5. Describe parts of the lesson that seemed particularly effective.

6. Suggest lesson elements or teaching strategies that might be done differently.
