CHAMBER ENSEMBLE INTENT TO FORM Or REGISTRATION FORM (circle one)

(Fall only) (Spring only)

Most chamber ensemble registration will take place in the **Spring semester only** (exceptions may be requested of the School of Music Director by a faculty member). Students are encouraged to form their chamber ensembles independently in the fall semester, establishing personnel, rehearsal schedules and repertoire. Ensembles thus established will have priority for registration in the Spring semester. Prospective ensembles needing rehearsal space in the Fall semester should file this as their "Intent to Form". Ensembles seeking approval for registration for the Spring semester should file this as their "Registration Form".

Students who wish to enroll in MUS 2180/5140/6140 in the Spring semester must have prior approval of 1) the ensemble coach; 2) the coordinator of the course; and 3) the School of Music Director. Students will be given the call number of the appropriate course once this form has been completed and signed by the School of Music Director. Registration is the responsibility of the student, and all ensemble members must be registered.

Registration deadline (for Spring semester): Friday before Thanksgiving. Failure to complete registration by this deadline will result in cancellation of the chamber ensemble for the semester. If any one of the ensemble members withdraws from MUS 2180/5140/6140, it is the responsibility of all members to withdraw from MUS 2180/5140/6140. Withdrawal after registration closes will preclude the refund of tuition/fees paid for the class.

By signing this form, students are indicating either their "intent to form" (Fall) or their request to register (Spring) for MUS 2180/5140/6140 according to the guidelines listed above and to commit a minimum of three hours per week to rehearsal. The faculty member is indicating either support of the "intent to form" (Fall) or agreement to coach (Spring) one of those hours.
