

Stadium Drive Apartments Get Connected with ResNet

Need help with setup? Call the OIT Help Desk at (269)387-HELP

The Office of Information Technology has recently worked to make improvements to the network at Stadium Drive Apartments. You no longer need a cable modem for your Internet access.

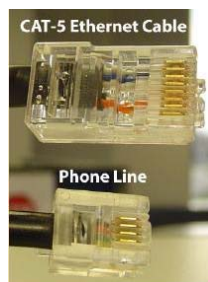

Before you begin

Please check to see if you have an ethernet adapter port in your computer.

You will also need to provide a standard CAT-5 ethernet cable to connect your computer to the data jack (the black jack on the wall). Ethernet cables may be purchased at the WMU Bookstore or any retailer where electronics are sold. Do not use a phone cable, please see example below.

Wall Jack

Cable Types

Return the cable modem

Disconnect the cable modem from your computer and package it back up to be returned to Residence Life. Be sure to include the cable modem, the power cable and the coax cable. Charges may apply if all of these items are not returned.

Get Connected between August 20th and August 31st, 2009.

Cable modem connections will be turned off September 1, 2009. Cable TV will continue to work as before.

1. Get your computer and ethernet cable.
2. Plug one end of the ethernet cable into the wall jack (the black one) and the other into your computer.
3. Turn on your computer.
4. Open your Internet browser, which will automatically direct you to the WMU ResNet registration page (cost is \$80.00 per semester for Fall and Winter and \$40.00 per semester for Summer I and Summer II).
5. Select START >> from the USERS section.
6. Enter your Bronco NetID and password and click DOWNLOAD.
7. Click RUN.
8. Click RUN again.
9. You are done!
