

Paper Engineering, Chemical Engineering & Imaging

Chemical Engineering Scholarship Application Form

The Chemical Engineering Scholarship is available to any student in good standing pursuing a Chemical Engineering undergraduate degree at WMU. Candidates must have a minimum GPA of 3.0 at the time of selection. Selection criteria include involvement in the Chemical Engineering program and service to the PCI department, the college, and the university. The number and award amount of scholarships will depend upon the availability of funds.

To apply for the Chemical Engineering Scholarship, please complete this application form and submit it along with a short letter describing your non-academic involvement with the ChE program, the college, and / or the university.

Application deadline is April 15 for the following academic year.
