JAZZ JURY REQUIREMENTS
(INSTRUMENTAL)

1. This is the required repertoire for each semester of study for jazz majors and scholarship holders.
2. Memorize the original melody and chord changes, and be prepared to improvise on the form. Include one chorus of "a cappela" improv, ie. without rhythm section, but in tempo.
3. Learn each tune in the standard (Real Book) key unless otherwise noted.
4. This is a self-directed study and should be done in addition to your applied lesson assignments.
5. This is a cumulative requirement. At a future jury, you may be asked to play any of the tunes from previous semesters.
6. Vocalists consult the Vocal Jazz Handbook for repertoire and requirements.
7. Drummers must be able to sing melodies (while keeping time) and play them around the set.
