**AIPG Student Scholarships** - $1,000 each - February 15th deadline

*Please pass this on to any student that would be eligible.*

Dear Mr. Thomas Royal Howe, III:

Students need to get their applications in by February 15th for the AIPG Scholarship Program. Up to four scholarships in the amount of $1,000 each will be awarded to declared undergraduate geological science majors who are at least sophomores attending a college or university in the U.S. Also, the student must be a student member of AIPG. Sign up for free student membership online - [www.aipg.org](http://www.aipg.org).

The purpose of the scholarship program is to assist students with college education costs and to promote student participation in the American Institute of Professional Geologists (AIPG). Scholarships are to be used to support tuition and/or room and board.

Each student who is awarded a scholarship agrees, by accepting the scholarship, to prepare a 600 to 800 word article for publication in the AIPG bimonthly journal "The Professional Geologist" (TPG). The subject of the article must be related to a timely professional issue.

**Application Process**

Applicants must submit a letter of interest with name, mail and e-mail address, and telephone number; proof of enrollment in an eligible geological sciences program, transcripts; an original one-page essay on why the applicant wants to become a geologist; and a letter of support from a faculty member familiar with the applicant’s academic work. The application should be submitted to:

**AIPG, Attn: Education Committee Chr., 12000 Washington St., Suite 285, Thornton, CO 80241**

For questions regarding the application process call 303-412-6205 or [aipg@aipg.org](mailto:aipg@aipg.org)

Awards will be based on the content and creativity of the essays as judged by the Education Committee. The decisions of the Education Committee are final.

---

*The American Institute of Professional Geologists (AIPG) was founded in 1963 to certify the credentials of practicing geologists and to advocate on behalf of the profession.*

*AIPG represents the professional interests of all practicing geoscientists in every discipline.*

*It's advocacy & efforts are focused on the promotion of the role of geology and geologists in society.*
