

REQUEST TO COLLEGE CURRICULUM COMMITTEE FOR CURRICULAR IMPROVEMENTS

DEPARTMENT: IEE&EM PROPOSED EFFECTIVE SEMESTER: F15 COLLEGE: CEAS

PROPOSED IMPROVEMENTS

Academic Program

- ☐ New degree*
☐ New major*
☐ New curriculum*
☐ New concentration*
☐ New certificate
☐ New minor
☐ Revised major
☐ Revised minor
☐ Admission requirements
☐ Graduation requirements
☐ Deletion ☐ Transfer
☐ Other (explain**)

Substantive Course Changes

- ☒ New course
☐ Pre or Co-requisites
☐ Deletion (required by others)
☐ Course #, different level
☐ Credit hours
☐ Enrollment restriction
☐ Course-level restriction
☐ Prefix ☐ Title and description
 (attach current & proposed)
☐ General education (select one)
 Not Applicable
☐ Other (explain**)

Misc. Course Changes

- ☐ Title
☐ Description (attach current & proposed)
☐ Deletion (not required by others)
☐ Course #, same level
☐ Variable credit
☐ Credit/no credit
☐ Cross-listing
☐ COGE reapproval
☐ Other (explain**)

** Other:

Title of degree, curriculum, major, minor, concentration, or certificate:

Existing course prefix and #: Proposed course prefix and #: EM 6990 Credit hours: 1 to 12

Existing course title:

Proposed course title: Practical Training in Engineering Management

Existing course prerequisite & co-requisite(s):

Proposed course prerequisite(s) Approval of advisor preceding enrollment

If there are multiple prerequisites, connect with "and" or "or". To remove prerequisites, enter "none."

Proposed course co-requisite(s)

If there are multiple corequisites, they are always joined by "and."

Proposed course prerequisite(s) that can also be taken concurrently:

Is there a minimum grade for the prerequisites or corequisites?

The default grades are D for undergraduates and C for graduates.

Major/minor or classification restrictions:

List the Banner 4 character codes and whether they should be included or excluded.

For 5000 level prerequisites & corequisites: Do these apply to: (circle one) undergraduates graduates both

Specifications for University Schedule of Classes:

a. Course title (maximum of 30 spaces): Pract Train in Eng Management

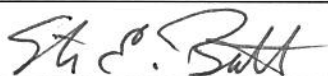

b. Multi-topic course: ☒ No ☐ Yesc. Repeatable for credit: ☐ No ☒ Yes. A maximum of three hours can be earned in EM 6990 as applicable to degree programs.d. Mandatory credit/no credit: ☐ No ☒ Yes

e. Type of class and contact hours per week (check type and indicate hours as appropriate)

1. Explain briefly and clearly the proposed improvement.

With the realignment of programs, courses, and faculty into the Department of Industrial & Entrepreneurial Engineering & Engineering Management (IEE&EM) and the Department of Engineering Design, Manufacturing, and Management Systems (EDMMS), a practical training course is being added to align with the respective department programs. Unfortunately, this is one of five courses that were missed during the department transitions in the 2013-2014 academic year.

Since the title and description of IEE 6990 (aka IME 6990) do not reflect the primary topic areas associated with the Engineering Management Program, EM 6990 is being proposed to fill this void.

2. Rationale. Give your reason(s) for the proposed improvement. (If your proposal includes prerequisites, justify those, too.)

The proposal is to add a practical training course for use within the Engineering Management Program that mirrors that of the Industrial Engineering Programs. The proposed title and description clearly reflect the associated program (Engineering Management).

3. Effect on other colleges, departments or programs. If consultation with others is required, attach evidence of consultation and support. If objections have been raised, document the resolution. Demonstrate that the program you propose is not a duplication of an existing one.

NA

4. Effect on your department's programs. Show how the proposed change fits with other departmental offerings.

NA

5. Effects on enrolled students: Are program conflicts avoided? Will your proposal make it easier or harder for students to meet graduation requirements? Can students complete the program in a reasonable time? Show that you have considered scheduling needs and demands on students' time. If a required course will be offered during summer only, provide a rationale.

NA

6. Student or external market demand. What is your anticipated student audience? What evidence of student or market demand or need exists? What is the estimated enrollment? What other factors make your proposal beneficial to students?

NA

7. Effects on resources. Explain how your proposal would affect department and University resources, including faculty, equipment, space, technology, and library holdings. Tell how you will staff additions to the program. If more advising will be needed, how will you provide for it? How often will course(s) be offered? What will be the initial one-time costs and the ongoing base-funding costs for the proposed program? (Attach additional pages, as necessary.)

NA

8. General education criteria. For a general education course, indicate how this course will meet the criteria for the area or proficiency. (See the General Education Policy for descriptions of each area and proficiency and the criteria. Attach additional pages as necessary. Attach a syllabus if (a) proposing a new course, (b) requesting certification for baccalaureate-level writing, or (c) requesting reapproval of an existing course.)

NA

9. List the learning outcomes for the proposed course or the revised or proposed major, minor, or concentration. These are the outcomes that the department will use for future assessments of the course or program.

NA

10. Describe how this curriculum change is a response to assessment outcomes that are part of a departmental or college assessment plan or informal assessment activities.

NA

11. (Undergraduate proposals only) Describe, in detail, how this curriculum change affects transfer articulation for Michigan community colleges. For course changes, include detail on necessary changes to transfer articulation from Michigan community college courses. For new majors or minors, describe transfer guidelines to be developed with Michigan community colleges. For revisions to majors or minors, describe necessary revisions to Michigan community college guidelines. Department chairs should seek assistance from college advising directors or from the admissions office in completing this section.

NA

NEW Catalog Copy:

EM 6990 - Practical Training in Engineering Management

Designed for students who wish to pursue practical training in off-campus activities in industries or institutions. May be elected with approval of department chairperson and faculty member. Application must be submitted and approved prior to election of the course. A maximum of three hours can be earned in EM 6990 as applicable to degree programs with approval of academic advisor.

Prerequisites/Corequisites: Prerequisite: Departmental approval.

Credits: 1 to 12 hours

Notes: Open to Graduate Students Only. May be repeated. Graded on a Credit/No Credit basis.
