Fall Convocation
To Improve Student Learning

2016
Friday, Sept. 30
Bernhard Center

A full day of programs
Teaching & Learning Bash
Teaching with Technology Symposium
2016 Faculty and Staff Awards
State of the University Address
Assessment in Action
Sponsors:
Office of the President
Office of the Provost and Vice President for Academic Affairs
Office of Faculty Development
Extended University Programs
Assessment and Undergraduate Studies
**Programs Schedule**

**Registration and Continental Breakfast (Room 208)**
Virtual Reality Experience (Room 210)
Resource Tables and Posters (Room 209)

**Event Kickoff (Room 208)**
David Reinhold introduces the day

**Michael Nassaney (Room 208)**
2015 Distinguished Teaching Award Winner
Making Connections through Community Service Learning
Virtual Reality Experience 1 (Room 210)
Resource Tables: Libraries, OIT, EUP, OFD, Holtyn (Room 209)

**Sue Ellen Christian (Room 208)**
Michigan Professor of the Year
Best Teaching Practices for Student Success
Virtual Reality Experience 2 (Room 210)
Academic Leadership 2015-16 Cohort and other poster presentations (Room 209)

**Sue Caulfield (Room 208)**
Easy and Accessible Feedback in the Classroom
Virtual Reality Experience 3 (Room 210)

**Autumn Edwards (Room 208)**
Power Up Pedagogy with Virtual Reality
Virtual Reality Experience 4 (Room 210)

**2016 Faculty and Staff Awards (East Ballroom)**
Dr. John M. Dunn, President (East Ballroom)
2016 State of the University Address

**Lunch (Sangren Plaza)**
(or Ballroom if inclement weather)

**Assessment as Ally: Don’t Face the Tenure Process Alone** instead of Assessment Session for New and Seasoned Faculty (Room 210)
Assessment Fellows Poster Presentation (Room 209)
TracDat Version 5 Overview Session and Assessment Mentor Program Discussion (Room 208)
2016 Faculty and Staff Awards

Welcome and Introductions
Dr. Tim Greene, Provost and Vice President for Academic Affairs

Awards
• Make a Difference Awards
• Distinguished Teaching Awards
• Emerging Scholar Awards
• Distinguished Service Awards

2016 State of the University Address
Dr. John M. Dunn, President

Special Thanks
Award Ceremony
• Molly Grettenberger, harp
• Megan Healy, violin

Picnic Lunch
• Bronco Marching Band and Dr. David Montgomery, Director
• WMU Dance Team and Ashley Counterman, Coach
• Buster Bronco
This award is the highest accolade WMU bestows specifically on non-faculty employees for their service. Recipients are selected from each academic year’s semiannual award winners. As such, they represent the most outstanding employees—the best of the best.

Sheila Atherton
Associate Director, Accounting Services-Accounts Receivable

Sheila Atherton began her WMU career in 1999 as manager of customer account services and was promoted to what became her current position in 2006. Those nominating her for WMU’s Make a Difference Award were nearly unanimous in their praise of her unwavering commitment to customer service, exceptional skill set and compassionate nature.

“Sheila is always there for you, whether you are a student, parent or fellow Western employee,” one nominator wrote. “Her knowledge regarding student billings, financial aid, payment processes and how to manage this very complex system is legendary. Due to her expertise and attention to detail, many other departments at Western look to her for guidance.”

Several nominators noted that Atherton willingly takes on extra responsibilities and commented that her conscientious efforts to resolve complex problems have raised WMU’s image as a supportive and caring university as well as have motivated numerous customers to write heartfelt thank-you messages.

“It does not matter where the customer started, if they end up in her office, they are taken care of at her office,” another nominator wrote. “She gets questions directed to her from students who may have nothing to do with her area. She finds out the answers, helps the students or parents, and communicates back to all impacted departments.”

Other nominators commented that Atherton will skip lunch or stay late to help customers.

“This employee goes above and beyond every day, exceeding all expectations,” one administrator wrote, adding that customer satisfaction is a hallmark of her office and, “This positive image equates into student retention.”

Earl Conner
Custodian, Facilities Management-Building Custodial and Support Services

Conner has been a custodian since 1999, and spent four years working in the residence halls. He began his WMU career in 1997 as a skills training specialist in the Center for Disability Services. He was lauded for his outstanding customer service and pleasant and welcoming personality, along with his work ethic and investment in the University.

“He takes pride in his efforts and works hard to assure that his buildings are immaculate, addressing any requests or needs in an immediate manner,” a colleague wrote. “This nominee truly holds the WMU community at heart, and is very deserving of this award due to his steadfast efforts.”

Conner serves in a leadership role for the We Care Committee, which is committed to supporting not only custodians, but also members of the broader campus community. In addition, he has been involved with WMU’s diversity and inclusion efforts, and has organized events for employees when they are leaving the University or facing tough times.

His activities also have extended further afield, such as by increasing WMU representation in Kalamazoo’s annual holiday parade and helping to host a drive so local residents could donate water to Flint residents.

“He makes each person feel important to him by offering a smile, a kind word and comical moments. He understands that retention of our students and employees is the work of every person within our community,” one nominator wrote. “He demonstrates this with his ever kind, jovial attitude; attention to detail in his work; and the endeavors in which he engages.”
Stacy L. Thinnes
Assistant Athletic Director for Special Events, Division of Intercollegiate Athletics

Thinnes joined WMU’s staff in 1986 and by 1990 had worked her way up in the development and alumni relations unit to coordinator of alumni and donor records. She moved in 1997 to the paper technology program and transferred a year later to intercollegiate athletics, taking on her current role in 2005.

Nominators lauded her for going above and beyond to ensure the success of events such as CommUniverCity, the biggest and by most accounts best pre-game football celebration in the Mid-American Conference. They also spoke highly of her efforts to integrate intercollege athletics into University committees and events, particularly recruitment events.

“I have been amazed by her energy, involvement and dedication to both Western Michigan University and the athletics department,” a co-worker wrote. “Her passion for the University is seen by her tireless efforts to involve the world of athletics with the main campus. Furthermore, Stacy has taken a proactive role in helping to support initiatives created by some of the coaches.”

Other nominators emphasized that Thinnes is a team player who routinely looks for ways to support the campus community and is a constant cheerleader when representing WMU during her many interactions with students, potential donors and others.

“She takes on so many responsibilities with her position, but never complains about the workload. She is a listener, a mentor and a genuinely kind person,” one colleague wrote. “It’s never about her. It’s about how and what she can do to make you a better employee for our department and university as a whole.”

Cynthia A. Town
Administrative Assistant, Office of Institutional Equity

Town joined the staff in 1978 and worked as a clerk and clerk supervisor in Placement Services for more than a decade. She was then employed in University Counseling and Testing Services until accepting her current job in 2010.

Nominators consistently praised her for her hard work, office innovations and professional competence, as well as the outstanding support she provides to her unit and WMU.

“Cindy is the glue that holds our office together. She is the one who keeps our office running efficiently,” one nominator wrote. “She not only supports all of us, but she adds value in a way that helps our office to be a positive contributing department within the University.”

Nominators often noted that Town takes the initiative to improve the workplace for fellow employees. She serves as coordinator for her building, is a Wellness Champion for three buildings, and frequently assists with numerous employee as well as student events.

“She volunteers and is willing to give an extra hand to complete work efficiently and effectively, without having to be asked,” a colleague commented, “and she’s served on and provided support for countless committees, initiatives and projects on campus and within her department.”

Town also was lauded for working diligently to improve the campus climate.

“She understands that we are one university,” another commented. “Every person on campus is working toward the same goal of educating students and helping them reach graduation and their full potential in a safe, welcoming and affirming environment.”
Dr. Jennifer Machiorlatti and Dr. Lisa Paulius are the 2016 recipients of this award. The honor is bestowed on faculty members who are exceptional educators and mentor, and who demonstrate outstanding dedication in their work.

Dr. Jennifer Machiorlatti
Professor, School of Communication and Director of Undergraduate Communication Programs

Machiorlatti, a faculty member since 2004, teaches in the areas of media and cultural studies, video and media production, media writing, film studies, communication and social justice, and intercultural communication.

Numerous current and former students supporting Machiorlatti’s nomination commented that she is an accomplished filmmaker who is an unusually skilled and creative teacher with an outstanding work ethic. They also praised her for providing a welcoming classroom environment that encourages students to share their opinions and learn together.

“What I like the most about Dr. Mac’s teaching style is that she provides a globalized education. She is aware of diversity and inclusion within the classroom,” one former student stressed. “She is respectful of others’ opinions, and she opens students’ mind to that world that sometimes we don’t see.”

In addition, nominators were almost unanimous in lauding Machiorlatti for her commitment to student success.

As one of her current students put it, “From editing, to screenwriting, to writing a resume and cover letter, Dr. Machiorlatti pushes me to be the best that I can be and works tirelessly to make that happen.”

Other nominators pointed out that she is a mentor and role model as well as an excellent teacher.

“She genuinely wants to see her students succeed and always pushed us to step out of our comfort zone to gain hands on experience in filmmaking,” one alumnus wrote. “I always felt comfortable to approach her for help, and she encouraged it.”
Dr. Jennifer Machiorlatti and Dr. Lisa Paulius are the 2016 recipients of this award. The honor is bestowed on faculty members who are exceptional educators and mentor, and who demonstrate outstanding dedication in their work.

Dr. Lisa Paulius
Professor, Department of Physics

Paulius joined the WMU faculty in 1993 and focuses her research on vortex dynamics in high temperature superconductors. Both faculty colleagues as well as students cited her for going the extra mile to help students learn.

A fellow physics professor wrote that Paulius was one of the first people in the physics department, and many other campus departments, to adopt such innovations as using “clickers” to assess on-the-spot student understanding, creating her own online videos containing tutorials and quizzes, and using online homework to keep students consistently engaged with the material.

“Everything Lisa does is directed toward the benefit of student learning,” he wrote. “She is constantly at work assessing her approaches to student leaning and improving her ability to connect with students in order that they better understand what is intrinsically a very difficult subject—physics.”

Of the dozens of students nominating her, nearly all reported that Paulius’ teaching innovations and methods, combined with her passion for physics and teaching, were instrumental in their classroom success. They also consistently praised her for providing steadfast patience and support.

A former student who is now an engineer with IBM recounted how as a freshman, she was awed by Paulius and unsure whether she would stick with physics as a career. Because of Paulius, the student went on to obtain a master’s degree in applied optics and wrote that, “one of the best things that Western provided me with was a mentor whose friendship, support and encouragement has followed me for long after I graduated.”
Dr. Jessaca Spybrook is the 2016 recipient of this award. The honor is bestowed on faculty members who are in the first decade of their WMU careers and are among the rising stars in U.S. higher education. It acknowledges the contributions of those who have achieved national recognition and demonstrated outstanding promise to achieve renown in their continuing work.

Dr. Jessaca Spybrook
Associate Professor, Department of Educational Leadership, Research and Technology

Spybrook has been a WMU faculty member since 2008. She was chosen from nominees across campus because of her roles as an education researcher, journal editorial board member and reviewer, grant program reviewer, consultant for research projects, and workshop presenter.

She recently received a National Science Foundation grant to head a team of researchers that will mine and analyze a treasure trove of large-scale data sets to come up with ways to inform the design of large evaluations of teacher development initiatives. Spybrook also recently received a fellowship through which she is leading a registry project that will improve the structure and availability of information on impact studies in education.

“Dr. Spybrook is a productive and influential scholar,” wrote a fellow WMU education researcher, noting her work has been published in more than 20 scholarly, peer-reviewed journals and she has served as the principal investigator or co-PI for research projects totaling about $3 million. “As a methodologist in statistics, Dr. Spybrook’s impact goes beyond the discipline to reach the community and society at large.”

Her nomination also was enthusiastically supported from outside WMU, and several nominators stressed that Spybrook has garnered significant international and professional recognition.

“The strength of Jessaca’s scholarship, its impact on the fields of both education research and public policy analysis, and the broad recognition of her contributions to the field among the nation’s top applied statisticians and intervention researchers make Jessaca highly deserving of such an award,” wrote a colleague at the University of Pennsylvania.
Distinguished Service Award

Dr. Howard J. Dooley and Amy J. Seth are the 2016 recipients of this award. The honor is bestowed on one staff member and one faculty member who have built careers that exemplify exceptional service to WMU and the larger community.

Dr. Howard J. Dooley
Professor of History, Department of History

Dooley has served WMU since 1970 and has been a leading player in the University’s internationalization efforts. He began working with the Office of International Education and Programs in 1981 and after subsequent promotions, served as the University’s chief international officer from 1991 until 2004, when he returned to the history faculty.

His nominators noted that Dooley consolidated several key international functions and opened up opportunities for both WMU students and faculty members through such activities as expanding exchange and study abroad programs, serving as the WMU Fulbright Program advisor for 21 years, and sponsoring international conferences. He also increased WMU’s programs and linkages with universities in other countries, helping WMU to double international student enrollment during his tenure.

“For decades, Howard has exemplified a level of commitment to the university in ‘global engagement’ that can serve as a model for others,” one nominator wrote. “Howard has provided service through innovative and effective programs...This service has contributed to the growth and stature of the University...[and] extended the presence of the University into global communities.”

Nominators also praised Dooley for being a dedicated teacher and advisor with a phenomenal grasp of the subjects he teaches. “He was an extraordinary lecturer who managed to keep a group of undergraduate students so enthralled that no one rustled a book bag or put on a coat, even after two and a half hours of class,” one former student wrote, adding that a Jordanian former student told her that Dooley knew more about the history of the Middle East than anyone he had ever met.
Amy J. Seth

Director, University Recreation, Division of Student Affairs

Seth joined the University Recreation staff in 1988, was named head of the unit in 2000 and has been a driving force behind countless health and recreation initiatives. Those nominating her stressed that her energy and innovations have been instrumental in developing programming to promote the health and well-being of the campus community and the surrounding area. She was particularly singled out for her commitment to helping students develop positive, healthy choices now and in the future, and for building University pride.

"Amy has provided 28 years of progressive, extraordinary service to WMU and the surrounding Kalamazoo community," wrote one nominator. "Her creativity, her positive attitude and her ability to create collaborative partnerships across the University and throughout the broader community truly set her apart and make her especially deserving of this recognition."

Many nominators noted that Seth has earned great respect while serving on a variety of key campus committees and projects, such as the Tobacco-Free Campus Initiative, which she chaired; University Strategic Planning Committee; and Healthy Campus 2020 Committee.

She also has routinely contributed her energy and talents beyond campus boundaries, including as a loaned executive officer for the United Way and through her longstanding involvement with the Kalamazoo Tourism Ambassador Program.

"Those working with her in these and other capacities have found her to be a model collaborator and an effective leader," one nominator wrote. "She has consistently nurtured and supported her staff, both professional and student, earning their gratitude and intense loyalty."
This award grew out of the Staff Service Excellence Awards program established in 1994 and is bestowed on a semiannual basis to the most outstanding non-faculty employees. The top four semiannual honorees receive the program’s Annual Make a Difference Award. They represent “the best of the best” among staff members who reach far beyond their assigned responsibilities to give generously and creatively of their time and talents, making the University an even finer place to work and study.
