Exploring the Past:
History and Archaeology at Fort St. Joseph
A Week-Long Summer Camp Program

The Fort St. Joseph Archaeological Project is a collaboration between Western Michigan University and the City of Niles, MI. We are seeking participants for this year’s Archaeology Summer Camps. Students will work alongside WMU staff and students to investigate and interpret the history and archaeology of Fort St. Joseph.

Participants will spend their mornings discovering the Fort’s history. Afternoon activities will include field excavations, archaeological survey, record keeping, lab work, and analysis.

Camp Dates:
July 17-21 Middle School
(Grades 6-8)
July 24-28 High School
(Grades 9-12)
July 31- August 4 Lifelong Learners and Educators (ask about receiving graduate credit)
