Notes

* To correctly save your vinyl so it can be cut, use **Adobe Illustrator** and make sure that you have outlined your font. To outline a font, select the text with the black arrow and hold down **Ctrl, Shift, O**. You will notice that the bounding box will disappear and each letter form will be traced with anchor points. Or draw down the Type options off the top tool bar while your text is highlighted and select create outlines. Call us if you have any issues.

We are located in the Physical Plant (Parking Lot 6)
across from Dairy Queen on Stadium Drive.

thank you.
