**Counseling Services**

Counseling Services, located in the Sindecuse Health Center, provide short-term individual, couples, and group counseling for a diverse student population. The counseling process can help students learn skills to cope with problems and develop new ways of thinking, which may lead to a healthier and more fulfilling lifestyle. Your time at Western Michigan University may include stress, complicated decisions, or challenging situations. Licensed counselors help students identify challenges and make changes to manage the emotional and social difficulties that might complicate college life.

**Student Conduct**

The Office of Student Conduct (OSC) enhances student learning and personal development by creating an educationally purposeful, disciplined, and caring community. OSC staff members:

- Meet with students to administer the educationally based student conduct process and discuss allegations regarding their behavior and academic misconduct
- Educate students about their rights and responsibilities as a WMU student
- Inform the campus community about the goals and purpose of the Student Code
- Connect students to campus resources as part of the educational process in order to promote their success
- Focus on promoting character development, citizenship, civility, and diversity
- Collaborate with the Faculty Senate’s Professional Concerns Committee to manage and facilitate the academic integrity process
- Provide training for faculty and student members of Academic Integrity Hearing panels, administrative hearing panelists, the University Appeals Board, and student conduct board members
