“Coming to Western I was excited and nervous, I mean who wouldn’t be. Now that it’s my second year here I realize how beneficial it’s been attending WMU’s various events. I feel like a part of one big Bronco family, I’m sure everyone says that but I really feel it here. I’m blessed to experience student life, athlete life and interpersonal life at Western.”

6,630

students employed on campus with
9,538 student positions on
campus and **152 departments**
employing students

Parkview Café employee

“By holding an on-campus student employment position, I developed leadership and people skills, as well as new levels of organization and a sense of responsibility. These skills enabled me to represent myself and the University effectively, and gave me new abilities to communicate the newly developed passions and callings I now understand as a result of this personal learning experience.”

69%

Using ExperienceWMU, we can show that 69% of undergraduate students and 43% of graduate students attended a program or service offered by WMU compared to 41% of undergraduate and 31% of graduate students in 2017-2018

“ExperienceWMU has opened many doors for me and new things to try. At the beginning of my student career I spent a lot of time alone in my dorm. This was a hard time for me, but after finding activities in this program I found new friends and family to spend time with. Whenever I was bored I could find something to do.”
