

WESTERN MICHIGAN UNIVERSITY RENTAL CAR PROGRAM COVERAGE POLICIES AND INCLUSIONS

What is included in your rental vehicle rates?

Physical Damage- When you rent a vehicle for WMU business use, your corporate program includes coverage for physical damage on the vehicle (bumper to bumper). This means that all scratches, dents, dings, etc. are covered with no additional charge to the renter or the department. **

Third Party Liability- The rental program for Western Michigan University also provides supplemental liability protection when renting for business use. This protection will pay split limits of 100/300/25 towards third party and property damage should an accident occur while on rent. **

Basic Emergency Roadside Assistance covers mechanical defects of the vehicle only. Examples of this type of situation would include transmission problems, engine problems, brakes, electrical malfunctions, etc. Should the traveler experience these issues while the vehicle is on rent, there is no additional cost.
